MISSOURI HEALTH CARE RESPONSIBILITY REPORT

Introduction

On November 27, 2006, Governor Matt Blunt signed Executive Order 06-45, directing the Missouri Department of Social Services (DSS) to prepare a Medicaid beneficiary employer report to be submitted to the Governor on a quarterly basis and to be known as the Missouri Health Care Responsibility Report.

In the 2007 legislative session, the Missouri General Assembly enacted Senate Bill 577, which transformed the Missouri Medicaid program into MO HealthNet (MHN). Section 208.230 of SB 577 is known as the "Public Assistance Beneficiary Employer Disclosure Act." It directs the Department of Social Services to prepare a MO HealthNet beneficiary employer report. The requirements of Section 208.230 and Executive Order 06-45 are virtually identical.

Data Confidentiality

The Department of Labor and Industrial Relations (DOLIR) maintains a database of employers, employees, and wage information for the purpose of administration of the state unemployment compensation program. United States Department of Labor regulations (20 CFR 603) govern how such information can be used and under what circumstances the information can be made available to others. Federal regulations allow the disclosure of normally confidential information to public officials for use in their official duties, but do not allow public disclosure of confidential information. Therefore, without statutory changes, the report must be limited to non-identifiable data regarding individual employers. Wherever possible, DSS has used aggregated data to describe the employed population that receives MHN benefits and services.

SUMMARY DATA
MISSOURI HEALTH CARE RESPONSIBILITY REPORT
July - September, 2025

Number of Employees and Family Members Included in the Report

A total of 795,475 MHN enrollees were employed during the quarter or were the spouse or child of an employed individual. However, only 350,383 of these are associated with an employer with 50 or more such individuals and are included in this report.

Percentage of Workforce

One thousand seventy (1,070) companies were identified as employing fifty (50) or more individuals who either received MHN benefits or were responsible for a spouse or child who received such benefits. These companies employed a total of 1,225,069 individuals in the State of Missouri. The Department of Social Services identified 170,178 individuals who were MHN enrollees or were responsible for a family member who was enrolled in MHN. Therefore, 13.89% of the workforce of these companies received MHN benefits for themselves or their families.
